**Additional Information**

A Permit is required when the activity (clearing, grading, or excavation) will affect more than 1 acre of land. Also, sites less than one acre if that area is part of a larger common plan of development or sale.

A permit is also required on sites not included in the previous section but, due to their topography or locations, provide a potential for significant negative impact on the Town's stormwater facilities, streets, or receiving basins.

An Erosion and Sediment Control Plan MUST be submitted.

Applicant agrees to be bound by the Town of Eaton Municipal Code, Manual on Uniform Traffic Control Devices and other applicable requirements of State of Colorado and Federal Laws.

It is agreed that the undersigned will save the Town harmless from all suits and damage resulting from the performance of the work.
