

# **ALERT: Conserve Water 8/1 and 8/2**

News Release Date

08-01-2023

UPDATE 8/3: North Weld County Water District successfully repaired the leak yesterday. Water was turned back on last night at 8:30pm.

**Customers are asked to conserve domestic water overnight Tuesday, August 1, and Wednesday, August 2!**

*8/1/2023*

The North Weld County Water District (NWCWD) will repair a mainline leak this week. The line that is being repaired serves the Town of Eaton. The repair will be done during the workday on Wednesday, August 2. NWCWD has asked residents to conserve domestic water overnight on Tuesday, August 1, and Wednesday, August 2.

Activities to avoid to conserve water:

- Watering lawns
- Running washing machines
- Running dishwashers
- Anything that involves heavy water use

The Town will update this page and our social media channels once the leak has been repaired.
